APLIMET 2000

En nuestra calidad de empresa especializada en la fabricación de columnas de cerveza y complementos, también realizamos diseños personalizados para diferentes cerveceras e instaladores.

Entre los materiales que utilizamos destacamos al acero inox, el cobre y el latón, los cuales podemos combinar con la resina, el poliuretano y derivados.

Nuestra estructura de producción nos permite atender tanto pedidos de pequeñas cantidades como de grandes series, hasta el punto de que nos enorgullece de gozar de un renombre en el desarrollo de modelos especiales únicos, los cuales realizamos con gran satisfacción y profesionalidad.

¿POR QUE APLIMET 2000?

En el año 2000, cuando se fundó APLIMET 2000 S.L., fruto de largos años de experiencia, trazamos como objetivo crear un producto de alta calidad a precios competitivos.

Durante todos estos años en APLIMET 2000, S.L. hemos mantenido esta filosofía de prestar el máximo servicio a todos nuestros clientes, dando como resultado una amplia cartera de clientes fieles a nuestro equipo. De esta forma hemos conseguido exportar nuestros productos a varios países de la Comunidad Europea, pasando por Rusia y Sud America, concentrándose nuestro mayor mercado en nuestro propio país, en donde gozamos de una gran aceptación.

As a company specialized in manufacturing beer draught towers, is also involved in designing personalized towers for the breweries and installation companies.

The materials we use for manufacturing our towers are preferently stainless steel, copper and brass, which we combine with resin, PU etc.

Our production structure allows us to manufacture small and large quantities of towers and we are proud of the reputation we have in the development of special items.

WHY APLIMET 2000?

In early 2000, year when APLIMET 2000, S.L. was established after several years of experience, the purpose of our company was to create top quality products with competitive prices.

During all these years our purpose in Aplimet 2000 S.L. has been to grant a high level of service to our customers and the result has been having achieved a large num-ver of satisfied clients who trust on our equipment.

We have been also successfull in exporting our products to several European Coun-tries, Russia and South America, being Spain our most important market, where we have a high demand.
